Dear Doctoral Student:

This document contains a brief synopsis of the qualifications and research specialties of all full-time faculty in the College of Education, Information and Technology (CEIT).

The information contained in this document will assist you in narrowing down your search for a faculty member who will serve as the chair of your dissertation committee.

You may also use the information in this booklet to select members of your dissertation committee although, unlike the chair, you may select a committee member from outside the CEIT to join your committee.

For information on faculty outside CEIT go to the LIU website and click on:

Should have any questions, please do not hesitate to contact me at paula.lester@liu.edu or at 516-299-2191.
